

Republicans agree that there is a multiemployer pension crisis, but as my Republican colleagues on the committees of jurisdiction have stated many times before, it has to be addressed through reforms to the financial structure of these plans to ensure that the plans will not be underfunded in the future.

The security humanitarian crisis on the southern border continues. At least we are to a point right now that we admit that it is a crisis. Republicans will keep working on solutions to secure the border and help stabilize Central American countries in order to eliminate the surge in irregular migration.

These are not problems that can be solved on a partisan basis alone. I hope our Democratic colleagues will join us in finding a long-lasting solution.

Mr. Speaker, I urge a “no” vote on the previous question, a “no” vote on the underlying measure, and I yield back the balance of my time.

Mrs. TORRES of California. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, at the core, how we choose to vote on these bills reflects our values.

This morning, I read a report that a school district in Pennsylvania tried to create a family separation program in order to collect school lunch debts. Imagine that. Family separation because children are too poor to pay for their lunch.

This maltreatment at our southern border is spreading across our Nation, dehumanizing people because they are poor. This is how we want to treat the weakest among us?

Will we lock children in cages and allow babies to sit in dirty diapers for days, give asylees toothbrushes but no toothpaste, and deny children regular showers and proper medical care?

Will we turn a blind eye when children are dying at the hands of the CBP officers?

Will we watch as retirees are forced to choose between paying for rent, paying for groceries, or paying for their medication?

Will we stand by and watch as our neighbors, our parents are forced to stretch their medication because they are being denied the pension that they were promised, that they worked for?

We are a country where migrants and asylees can come for a better life. We are a nation where you can work hard and retire with the peace of mind that you have earned your keep.

Democrats are fighting to protect the promise of the American Dream for everyone. Mr. Speaker, I can only speak for myself when I say this, but I refuse to be a party to breaking that promise, because it means that much to me.

I urge my colleagues to vote “yes” on the rule and to pass these critical pieces of legislation.

The material previously referred to by Mr. BURGESS is as follows:

SEC. 412. SENSE OF THE CONGRESS ON THE NEED FOR A NEW GREAT LAKES ICEBREAKER.

(a) FINDINGS.—The Congress finds the following:

(1) The Great Lakes shipping industry is crucial to the American economy, including the U.S. manufacturing base, providing important economic and national security benefits.

(2) A recent study found that the Great Lakes shipping industry supports 237,000 jobs and tens of billions of dollars in economic activity.

(3) United States Coast Guard icebreaking capacity is crucial to full utilization of the Great Lakes shipping system, as during the winter icebreaking season up to 15 percent of annual cargo loads are delivered and many industries would have to reduce their production if Coast Guard icebreaking services were not provided.

(4) Six of the Coast Guard's nine icebreaking cutters in the Great Lakes are more than 30 years old and are frequently inoperable during the winter icebreaking season, including those that have completed a recent service life extension program.

(5) During the previous 10 winters, Coast Guard Great Lakes icebreaking cutters have been inoperable for an average of 65 cutter-days during the winter icebreaking season, with this annual lost capability exceeding 100 cutter-days, with a high of 246 cutter-days during the winter of 2017–2018.

(6) The 2019 ice season provides further proof that current Coast Guard icebreaking capacity is inadequate for the needs of the Great Lakes shipping industry, as only six of the nine icebreaking cutters are operational and millions of tons of cargo was not loaded or was delayed due to inadequate Coast Guard icebreaking assets during a historically average winter for Great Lakes ice coverage.

(7) The Congress has authorized the Coast Guard to acquire a new Great Lakes icebreaker as capable as Coast Guard Cutter MACKINAW (WLBB-30), the most capable Great Lakes icebreaker, and \$10 million has been appropriated to fund the design and initial acquisition work for this icebreaker.

(8) The Coast Guard has not initiated a new acquisition program for this Great Lakes icebreaker.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress of the United States that a new Coast Guard icebreaker as capable as Coast Guard Cutter MACKINAW (WLBB-30) is needed on the Great Lakes and the Coast Guard should acquire this icebreaker as soon as possible.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Oregon (Mr. DEFAZIO) and the gentleman from Ohio (Mr. GIBBS) each will control 20 minutes.

The Chair recognizes the gentleman from Oregon.

GENERAL LEAVE

Mr. DEFAZIO. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous materials on H.R. 3409, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Oregon?

There was no objection.

Mr. DEFAZIO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to rise today and speak in strong support of H.R. 3409, the Coast Guard Reauthorization Act of 2019. This is genuinely bipartisan legislation which will reauthorize funding for the United States Coast Guard Federal Maritime Commission for fiscal years 2020 and 2021.

The bill also advances other important provisions to help both the economic competitiveness and effective regulation of the U.S. maritime industry.

It is the latest in a long line of major legislation from this committee, re-

ported to the House on a bipartisan basis and underpinning essential functions of government such as, in this case, the United States Coast Guard and the Federal Maritime Commission.

I couldn’t have better partners than I had: my ranking member, SAM GRAVES; the chair of the Subcommittee on Coast Guard and Maritime Transportation, SEAN PATRICK MALONEY; and the ranking subcommittee member, Representative BOB GIBBS. They worked hard on this legislation, and many of their concerns were included in the final product. Each of them has joined as an original cosponsor, which I appreciate.

We have also worked with other members of the committee on both sides of the aisle and the House to include provisions that address concerns raised by them or their constituents.

We all know that, over the last few years, the Coast Guard budgets have been inadequate, mostly a byproduct of mandatory cuts imposed by the so-called Budget Control Act. This inadequate funding has left the Coast Guard, as Admiral Schultz has said, at a tipping point. This legislation, at long last, begins to reverse that downward spiral.

Mr. Speaker, there is \$11 billion for the Coast Guard’s discretionary budget for fiscal years 2020 and 2021. This tracks the recently increased appropriations of the last 2 fiscal years and builds in a 2 percent inflation adjustment to arrive at the highest authorized funding levels for the Coast Guard in recent memory.

Is that totally adequate? No, it isn’t. But it is at least incremental progress in a time where we aren’t seeing a lot of progress on a lot of things these days.

I am particularly please that the top-line numbers for procurement, acquisitions, and improvement have been pushed up to \$2.7 billion and \$2.8 billion. That means the Coast Guard should be able to maintain its ongoing recapitalization programs, including the critically important offshore patrol cutter; the new fleet of polar security cutters, which will be absolutely vital to deal particularly with the opening of the Northwest Passage; and, also, to continue critical support for our assets and activities in Antarctica.

It wasn’t a great year for the Coast Guard when we had the stupid government shutdown. They were continuing to carry out their critical homeland security duties in addition to their daily lifesaving duties and their drug interdiction duties, many in a high-risk profession, and yet they weren’t being paid.

They were escorting the subs out of Bremerton. The sailors were being paid on the subs. The Coast Guard, which was providing critical surface support and protection, was not being paid.

I had originally included in this legislation provisions to assure that the Coast Guard would be paid in case of another government shutdown. Unfor-

tunately, the very stupid budget rules we have around here say that we will pretend that they will never be paid—and if that is the case, then we won’t have a Coast Guard anymore—therefore, to mandatorily pay them during a shutdown would count as new deficit, like we are never going to pay them.

It is a pretty dumb rule, but those concerns were raised by people above my pay grade, and I reluctantly removed the provision from the bill. I am going to continue to push for that provision as we move forward through the appropriations process and elsewhere. I will look for any opportunity I can to recognize the service of the Coast Guard.

There is also, in this bill, a modest \$1.4 million increase in the budget of the Federal Maritime Commission. This will help them implement the most extensive package of amendments to the Ocean Shipping Reform Act since 1998, particularly looking at anti-trust oversight of foreign-flag commercial carrier alliances that transport nearly 98 percent of U.S. foreign commerce.

Our overreliance on foreign-flag carriers to move the commerce of the United States is a growing liability and, yet, unintended consequence of our trade policies. Only now are we beginning to recognize and grapple with the implications of this dependence on our national and economic security.

The increased authorized funding of \$29 million for the operating budget should provide them with the additional resources they need to actually be a cop on the beat and ensure foreign carriers abide by fair shipping practices and compliance with all U.S. anti-trust requirements.

I am also pleased with provisions that would boost coastwise trades and, potentially, our shipbuilding industry.

We are reaffirming, yet again, long-term support for the Jones Act, including clarifications as to how the Jones Act applies to maritime transportation and heavy-lift activities that occur offshore.

I believe the language in this bill strikes a sensible path forward. I look forward to resolving any outstanding questions and concerns in conference with the United States Senate.

Just as important, the bill provides new authorities to address new or emerging ocean technologies, including unmanned systems, to ensure Coast Guard has enough competence to either use, or regulate the use of, said systems; amendments to build on progress made last Congress to improve maritime safety requirements; and it strengthens standards to prevent discrimination, sexual assault and harassment and promote gender equity in the Coast Guard at the U.S. Merchant Marine Academy and across the U.S. maritime industry.

This is vital legislation to the Coast Guard, and the maritime shipyard workers across this country.

Again, I want to thank my colleagues.

Mr. Speaker, I urge an “aye” vote, and I reserve the balance of my time.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON HOMELAND SECURITY,
Washington, DC, July 16, 2019.

Hon. PETER DEFAZIO,
*Chairman, Committee on Transportation and
Infrastructure, House of Representatives,
Washington, DC.*

DEAR CHAIRMAN DEFAZIO: I write to you regarding H.R. 3409, the “Coast Guard Authorization Act of 2019.”

H.R. 3409 contains provisions that fall within the jurisdiction of the Committee on Homeland Security. I recognize and appreciate your desire to bring this legislation before the House in an expeditious manner and, accordingly, I will not seek a sequential referral of the bill. However, agreeing to waive consideration of this bill should not be construed as the Committee on Homeland Security waiving, altering, or otherwise affecting its jurisdiction over subject matters contained in the bill which fall within its Rule X jurisdiction.

Further, I request your support for the appointment of Homeland Security conferees during any House-Senate conference convened on this or similar legislation. I also ask that a copy of this letter and your response be included in the legislative report on H.R. 3409 and in the Congressional Record during floor consideration of this bill.

I look forward to working with you as we prepare to pass this important legislation.

Sincerely,

BENNIE G. THOMPSON,
Chairman.

HOUSE OF REPRESENTATIVES, COM-
MITTEE ON TRANSPORTATION AND
INFRASTRUCTURE,
Washington, DC, July 17, 2019.

Hon. BENNIE G. THOMPSON,
*Chairman, Committee on Homeland Security,
U.S. House of Representatives, Washington,
DC.*

DEAR CHAIRMAN THOMPSON: Thank you for your letter regarding H.R. 3409, the Coast Guard Reauthorization Act of 2019, which was ordered to be reported out of the Committee on Transportation and Infrastructure on June 26, 2019. I appreciate your willingness to work cooperatively on this legislation.

I acknowledge that by foregoing a sequential referral on H.R. 3409, the Committee on Homeland Security does not waive any future jurisdictional claims to provisions in this or similar legislation. In addition, should a conference on the bill be necessary, I would support your effort to seek appointment of an appropriate number of conferees to any House-Senate conference involving provisions within this legislation on which the Committee on Homeland Security has a valid jurisdictional claim.

I appreciate your cooperation regarding this legislation, and I will ensure that our exchange of letters is included in the Congressional Record during floor consideration of H.R. 3409.

Sincerely,

PETER A. DEFAZIO,
Chair.

Mr. GIBBS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 3409 represents the Committee on Transportation and Infrastructure's commitment to the men and women serving in the Coast Guard and lays the groundwork for maintaining their mission capability in the future.

It also represents the bipartisan spirit that so often falls below the radar on Capitol Hill. At a time when the issues dominating the headlines fuel political fighting, it is refreshing to work with colleagues from both sides of the aisle.

H.R. 3409 recognizes that port and coastal security, drug interdiction, and maritime safety are commonsense issues, not Republican or Democrat issues. This Coast Guard authorization addresses priorities important to both East and West Coasts, the inland river system, and the Great Lakes. All these regions are well-represented by the chairs and ranking members of the committee and subcommittee.

The Coast Guard plays an important and unique role in national security and maritime safety. It is a critical component in carrying out drug interdiction efforts, keeping our ports and coasts safe, and conducting icebreaking operations. H.R. 3409, the Coast Guard Authorization Act of 2019, helps the Coast Guard better perform their missions and encourages the use of cutting-edge technology to improve operations. Utilizing drone technology and upgrading computer systems will help the Coast Guard personnel complete their missions.

I am also proud of the commitment made to the Great Lakes in this bill. Working with Congressman MIKE GALLAGHER from Wisconsin, we emphasized the economic importance of the Great Lakes and the necessity for new, dedicated icebreakers on the lakes to keep commerce moving.

It is unfortunate that the provisions in the bill to ensure the Coastguardsmen were paid during lapses in appropriations were stripped from the bill. Nonetheless, I commend Chairman DEFAZIO and the 186 cosponsors of the Pay Our Coast Guard Act for pursuing this important initiative.

I thank Chairman DEFAZIO, Ranking Member GRAVES, and Subcommittee Chairman MALONEY for working in a bipartisan fashion to give the Coast Guard the resources it needs to accomplish its missions.

Mr. Speaker, I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. DEFAZIO. Mr. Speaker, I yield 1 minute to the gentlewoman from Florida (Ms. MUCARSEL-POWELL).

Ms. MUCARSEL-POWELL. Mr. Speaker, I rise in support of this bill which incorporates the Coast Guard Shore Infrastructure Improvement Act that I introduced with Representative GARRET GRAVES of Louisiana. It directs the Commandant of the Coast Guard to tackle the maintenance backlog of its shore infrastructure.

The Coast Guard currently has a \$2.6 billion project backlog, and 25 percent of its assets have exceeded their service lives.

We must rebuild our Coast Guard in a strategic way, one that accounts for stronger storms that will only worsen with climate change.

This bill will ensure that the Coast Guard has the processes in place to

carry out crucial shore infrastructure repairs. Coasties often spend their personal time working on infrastructure improvements. It is unacceptable that they have to sacrifice their rest time and family time to repair crumbling buildings.

Passing this bill will ensure America's security, the success of our Coast Guard, and the well-being of our servicemembers.

Mr. GIBBS. Mr. Speaker, I yield such time as he may consume to the gentleman from Missouri (Mr. GRAVES), who is the ranking member of the full Transportation and Infrastructure Committee.

Mr. GRAVES of Missouri. Mr. Speaker, the Coast Guard is one of the Nation's five armed services, and this bipartisan bill is going to provide the resources to help them carry out their vital missions more effectively. These missions are critical to ensuring maritime safety, stopping the flow of illegal drugs and migrants into the country, enforcing U.S. laws at sea, and protecting our Nation's borders.

In order to carry out the tens of thousands of operations each year, the Coast Guard must also replace and modernize their assets—from cutters to icebreakers to helicopters. This bill is going to help them do that.

This legislation also takes steps necessary to provide the men and women of the Coast Guard, as has been pointed out, parity with other servicemembers in the Department of Defense. The Coast Guard is the only one of the armed services that is not in the Department of Defense, and the only armed service with law enforcement authority.

I agree with the chairman on the bipartisan nature of this bill and how it was put together. I commend Chairman DEFAZIO and Subcommittee Chairman MALONEY, and Subcommittee Ranking Member GIBBS for working diligently and coming up with a very good piece of legislation and a very good bipartisan agreement that we have here today.

Mr. Speaker, I urge my colleagues to support this legislation.

Mr. DEFAZIO. Mr. Speaker, I yield such time as he may consume to the gentleman from Mississippi (Mr. THOMPSON), who is the chairman of the Committee on Homeland Security.

Mr. THOMPSON of Mississippi. Mr. Speaker, I thank the gentleman from Oregon for yielding me time.

Mr. Speaker, I rise today in strong support of H.R. 3409. I am glad to have worked with Chairman DEFAZIO to integrate major provisions from legislation I authored to drive long overdue reforms at the Coast Guard Academy.

Our armed services should reflect the diverse fabric of this Nation. Unfortunately, the Coast Guard Academy has struggled to attract and retain a diverse student body and faculty. The absence of diverse voices at the Coast Guard Academy has contributed to what many acknowledge as a hostile

environment for cadets and faculty with diverse backgrounds punctuated by hateful incidents. I have engaged with the Commandant regarding conditions at the academy and, to his credit, he is open to change. To that end, H.R. 3409 directs the Commandant to secure the services of outside experts to carry out an independent, top-to-bottom review of conditions at the academy with an eye to issuing recommendations to foster a more inclusive and supportive environment.

Additionally, the independent body would be directed to assess the academy's admissions processes and consider the potential benefits of congressional nominations to increase diversity. The true test for the Coast Guard will come when recommendations are issued. At that point it will be clear if, as an organization, the Coast Guard is willing to abandon its historically insular ways and embrace real reform.

Other noteworthy provisions of my legislation that are reflected here include requiring a Coast Guard strategy to increase the representation of cadets, faculty, and staff from diverse backgrounds, and authorizing both the Academy Minority Outreach Team Program and the College Student Pre-Commissioning Initiative.

I am pleased that the bill also includes language authored by Congressman RICHMOND to enhance the Coast Guard's capacity to combat and defend against cyber threats.

Before I close, I would like to thank Chairman DEFAZIO, Chairman CUMMINGS and their staffs, particularly Dave Jansen on the Transportation and Infrastructure Committee staff, for partnering with me and my staff to put the academy on a positive trajectory.

Mr. GIBBS. Mr. Speaker, I yield 2 minutes to the gentlewoman from Puerto Rico (Miss GONZÁLEZ-COLÓN).

Miss GONZÁLEZ-COLÓN of Puerto Rico. Mr. Speaker, I thank Chairman DEFAZIO and Ranking Member GRAVES for working on these bills. This is an important one in Puerto Rico.

I am really proud about the work the Coast Guard did during both Hurricanes Irma and Maria.

I am proud to be a cosponsor of this bill, the Coast Guard Authorization Act of 2019, which authorizes the service for the next 2 years, gives the Coast Guard parity with the other military branches in the Department of Defense, addresses a backlog of shore-side infrastructure, and reauthorizes the Federal Maritime Commission.

I worked with Delegate Plaskett from the Virgin Islands to get on board to help determine if the Coast Guard's maritime surveillance hours used for drug interdictions in the Caribbean Basin meet mission requirements. The U.S. Coast Guard has been vital in addressing these threats and securing our maritime region as well.

For example, during the first half of fiscal year 2019, the Coast Guard removed over 9 metric tons of cocaine and interdicted 722 migrants around

the Puerto Rico area of operations. That is the reason I also was able to include a provision in this bill which ensures recruitment activities in Puerto Rico, the U.S. Virgin Islands, and all the territories as well. We are proud to answer the call to serve in our Nation's service branches, and the Coast Guard is no exception.

Mr. Speaker, I support this bill.

Mr. DEFAZIO. Mr. Speaker, I yield 2 minutes to the gentleman from New Jersey (Mr. VAN DREW).

Mr. VAN DREW. Mr. Speaker, I thank the gentleman from Oregon and chairman of the illustrious Transportation and Infrastructure Committee.

Mr. Speaker, I rise today in strong support of H.R. 3409, the Coast Guard Authorization Act—bipartisan legislation that authorizes programs and funding of over \$11 billion for the United States Coast Guard through fiscal year 2021.

I am proud to represent New Jersey's Second Congressional District, home to the United States Coast Guard Training Center in Cape May, Air Station Atlantic City, and thousands more of our brave men and brave women who protect our shores and our coastal communities.

This comprehensive bill authorizes critical funding to upgrade and modernize our fleets and improve offshore navigation safety. It requires a report on the effects of climate change and the vulnerabilities of our Coast Guard installations, directs the use of drone technology for potential use to support missions and operations, and orders the Commandant of the Coast Guard to brief Congress on the conditions and need for Coast Guard housing.

Mr. Speaker, I thank Chairman DEFAZIO and Ranking Member GRAVES for bringing this important bill to the floor, and I urge my colleagues to support H.R. 3409, the Coast Guard Authorization Act. These are our brave men and women who protect our seas.

Mr. GIBBS. Mr. Speaker, I yield such time as he may consume to the gentleman from Louisiana (Mr. GRAVES).

Mr. GRAVES of Louisiana. Mr. Speaker, I want to thank the gentleman from Ohio, our ranking member of the subcommittee, for all of his work on this. I want to thank Congressman SEAN PATRICK MALONEY from New York, our chairman; Chairman DEFAZIO and the ranking member of the full committee, SAM GRAVES, for all their work on this.

Mr. Speaker, this is a bill that is a bipartisan bill, and I do appreciate everyone working together to make sure that we are doing the right thing.

The Coast Guard, in many cases, is not held to the level of regard and respect that they deserve.

Let's think about all of the things that the Coast Guard is responsible for:

They are in charge of drug interdiction on our seas; they are in charge of alien interdiction on our seas; they are in charge of enforcing all U.S. laws on our waterways; securing our maritime

borders; defense readiness; port and coastal security issues; search and rescue; marine safety; maintaining aids to navigation; icebreaking; marine environmental protection; oil spill prevention and response; and many other things.

Mr. Speaker, I often refer to them as the Swiss Army knife of the Federal Government. They have an incredibly broad jurisdiction. These are men and women who are serving their Nation on a daily basis.

I want to thank all of the leaders of this committee for the work in the committee, where we took the Coast Guard Parity Act and added it to this bill. The Coast Guard Parity Act recognized that the men and women of the Coast Guard were treated differently from all of the other armed services whenever the Federal Government goes into a shutdown.

Mr. Speaker, when the government shuts down, it is because Congress failed to do its job together with an administration. The men and women in the Coast Guard do not deserve to be punished.

There is something that is really important to point out: the men and women of the Coast Guard can't just go say: Hey, I am going to go work for another job. I am going to leave this one because I am not being paid because the government is shut down. I am going to go work and do this other job.

They are contractually obligated to continue doing their work and their service for our Nation. So the Coast Guard Parity Act was added to this bill in committee, and I am very disappointed that it was pulled out. I know the chairman and the ranking member were both very supportive of this.

We need to address this issue. Let me say it again: the men and women of the Coast Guard are not responsible for when the government shuts down, and they should not be penalized for it either. I hope that we can continue to work together to solve this.

But going back, Mr. Speaker, the Coast Guard does an incredible job in an incredibly broad mission. This bill helps to recapitalize an antiquated network or system of equipment, antiquated vessels that have lasted well beyond their intended service life. It helps to ensure that we can authorize the appropriate vessels, whether it is the national security cutter, the off-shore patrol cutter, the fast response cutter, and the helos and winged aircraft that the men and women of the Coast Guard depend on on a daily basis.

We know that the other side—the drug traffickers and the alien smugglers and others—are using new and updated technology. We need to make sure that we continue to provide the men and women of the Coast Guard with the upper hand with the best technology and with the best equipment to deal with their daily mission of protecting our Nation and enforcing all laws on the seas of the United States.

Mr. Speaker, again, I want to thank Mr. DEFAZIO, Mr. GRAVES, Mr. GIBBS, and Mr. MALONEY for all of the work that they have done to ensure this bill moves forward. It is a bipartisan bill, and I urge adoption.

□ 1345

Mr. DEFAZIO. Mr. Speaker, I am prepared to close. I reserve the balance of my time.

Mr. GIBBS. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, this is a very strong bipartisan bill. We need to support the efforts of our men and women out there who are doing the daily work to protect this country, the Coast Guard.

I urge my colleagues to support this bill, and I yield back the balance of my time.

Mr. DEFAZIO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, just expanding a little bit on the former speaker, Representative GRAVES of Louisiana, I would recommend to people the video that became available last week of the Coast Guard boarding a semisubmersible smuggling drugs. It is an extraordinary video and extraordinary and precarious undertaking by the Coast Guard, jumping from a Zodiac onto the top of this vessel, pounding on the hatch to get the people to open the hatch and surrender.

Again, just reiterating what I said earlier, what they do with drug interdiction far exceeds all of the other Federal agencies combined, and yet they weren't paid during the shutdown doing these dangerous activities, and what they do for Homeland Security, what they do on a daily basis to provide search and rescue activities, keep our mariners safe and maritime safety inspections.

So again, I regret that the technicalities around here didn't allow us to move forward at this time, but I am determined that we will do that.

Mr. Speaker, I also want to raise another issue, and I would hope that the Coast Guard is listening.

I am very concerned. The largest acquisition program—I mentioned earlier about the acquisition budget for recapitalization—is the Offshore Patrol Cutter. Twice now, Representatives and Senators from Florida have attempted to end-run the contracting process. They have a shipyard that claims, that because of the hurricane, they didn't underbid the contract.

No, no, no. They didn't. They didn't. But they need hundreds of millions of dollars more to do the contract without going through a bidding process, without any scrutiny, and without any information being provided to this committee justifying those increases.

In fact, they are saying: Well, we can't get workers because of the hurricane; it is just impossible. Well, we are rebuilding Tyndall Air Force Base. Armed Services hasn't heard anything about that.

And then, also, they say: Well, it is going to take 1.3 million more man-hours.

Well, what does that have to do with not being able to get skilled labor? The allegations by some others in the industry are that they underbid the contract, and now they are trying to come up with a rationale.

It is further disturbing that a former Commandant of the Coast Guard runs this organization. And I am very concerned that the Coast Guard is now contemplating asking Homeland Security to invoke a law they have never used before, claiming national security to renegotiate between the current Commandant of the Coast Guard and the past Commandant of the Coast Guard running this shipyard the terms of this contract.

That is not right. It doesn't protect the taxpayers. It doesn't protect the contracting process. I am going to be pushing very, very hard on this issue.

That said, there are many meritorious things in this bill, and I will yield back the balance of my time after recommending a unanimous vote by the House of Representatives. Hopefully, the Senate won't take 1½ years to get the bill done this time, so actually it will be a 2-year authorization instead of a 2-year/1-year authorization.

Mr. Speaker, I yield back the balance of my time.

Ms. JACKSON LEE. Mr. Speaker, as a senior member of the House Committees on the Judiciary, Homeland Security, and Budget, I rise in strong support of H.R. 3409, the "Coast Guard Authorization Act of 2019."

H.R. 3409 is bipartisan legislation that reauthorizes appropriations for the Coast Guard and Federal Maritime Commission through the 2021 Fiscal Year.

This legislation contains improvements to promote the U.S. maritime industry and offshore renewable energy development, authorization of funding for new heavy ice breakers, and provisions to increase diversity at the United States Coast Guard Academy.

Additionally, this legislation will enhance recruitment and retention of merchant vessels, along with advancing new opportunities to strengthen the competitiveness of the U.S. maritime and shipbuilding industries.

Earlier this year the Department of Homeland Security, which oversees the United States Coast Guard, was adversely affected by the Trump Administration's government shutdown.

The shutdown affected the pay of over 40,000 active duty Coast Guard members, 6,000 reservists, and 8,500 civilian employees.

It took 35 days for Congress and the White House to agree on a FY 2019 funding bill.

During this time the brave men and women of the Coast Guard endured the cold winter weather while conducting life-saving rescues, drug interdiction operations, environmental protection missions, and coastal security operations.

This bill will guarantee that the Coast Guard's active duty and civilian personnel are paid in the event of another federal government shutdown.

Mr. Speaker, I urge my colleagues to join me in supporting H.R. 1649 "Coast Guard Authorization Act of 2019" in order to ensure that the Coast Guard has all of the resources re-

quired to carry out their missions and maintain safety along our coastal borders.

Mr. SEAN PATRICK MALONEY of New York. Mr. Speaker, I would like to express my support for the Coast Guard Authorization Act and the inclusive and bipartisan agreement that the Members of the Transportation and Infrastructure Committee have reached.

The robust funding for the Coast Guard in this 2-year authorization is indicative of this body's strong support for the men and women serving in the Coast Guard and the important mission they undertake. I recently visited our Coasties in District 7 to see their professionalism and skills on full display—they make the impossible look routine on a daily basis.

From drug interdictions to search and rescue, the Coast Guard continues to prove its effectiveness while operating with limited resources. The passage of this bill sends the message that every dollar is a dollar well spent with respect to the U.S. Coast Guard.

This important legislation includes provisions that will further strengthen the Coast Guard by expanding the use of unmanned systems and fully integrating new and existing technologies developed both inside and outside of the service.

I am pleased that the bill contains a number of provisions aimed at increasing cultural competence in the Coast Guard and at the Coast Guard Academy. The service will only realize its full potential once it instills a culture that welcomes all people regardless of gender, race, or sexual orientation.

The bill also includes several provisions aimed to bolster the U.S. maritime industry. By clarifying certain requirements on domestic vessels, it sends a strong signal of support for the Jones Act and our coastwise maritime industry. By clarifying cargo preference requirements, we begin to address losses in the internationally trading U.S. fleet and rebuild the American mariner base.

The bill also contains important protections for the Hudson River in my district and will ensure this natural treasure is preserved for future generations to come.

I am proud to be one of the original sponsors of this important legislation and I look forward to ensuring that this important legislation is signed into law.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Oregon (Mr. DEFAZIO) that the House suspend the rules and pass the bill, H.R. 3409, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

DISCLOSING AID SPENT TO ENSURE RELIEF ACT

Mr. DEFAZIO. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1984) to amend chapter 11 of title 31, United States Code, to require the Director of the Office of Management and Budget to annually submit to Congress a report on all disaster-related assistance provided by the Federal Government.

The Clerk read the title of the bill.
